HARDWARE AND SOFTWARE REQUIREMENTS

To ensure important email communications are received, and the *Naglieri General Ability Tests* can be accessed on testing day, we recommend that IT staff whitelist the following URLs: ***.onmhs.com and *.mhs.com**.

Device requirements may change over time as operating systems and browsers are updated.

User Types: Account Holders and Assessment Coordinators

The minimum requirements to access MHS GT Insights includes any **broadband internet-enabled devices such as computers, Chromebooks, tablets (including Apple iPad, Google Nexus, Samsung Galaxy)** with one of the following internet browsers (latest versions are recommended):

Browser	Supported Versions
Google Chrome	Latest three major releases
Microsoft Edge	Latest three major releases
Mozilla Firefox (latest version)	Latest three major releases
Apple Safari	13 and later
